AN ACT CONCERNING MUNICIPAL SHARED SERVICES FOR ANIMAL CONTROL.

OFA Fiscal Note

State Impact: None

Municipal Impact:

Municipalities	Effect	FY 20 \$	FY 21 \$
Various Municipalities	Savings	Under 1,000	Under 1,000

Explanation

The bill requires the Department of Agriculture (DoAg) to approve any facility as a regional dog pound if the building cannot be modified to comply with current regulations. It specifies that DoAg cannot order a facility to install a dog run if the building's design does not allow for it.

This is anticipated to result in a savings to municipalities, estimated to be less than \$1,000 annually, associated with dog runs that municipal facilities no longer have to install under the bill's provisions.

The Out Years

The annualized ongoing fiscal impact identified above would continue into the future subject to inflation.
