

Dear Co-Chair Flexer and Co-Chair Fox, Vice Chairs Winkler and Haskell, Ranking members Senator Sampson and Representative France, and esteemed members of the committee,

It is with great motivation that I am writing to you today to ask for your support on HB5505.

I would also like to thank Representatives Jeff Currey, Raghiv Allie-Brennan, Jillian Gilchrest, Josh Elliott and David Michel for their support.

People shouldn't have to choose between 2 binary genders when neither reflects who they are. Non-binary citizens in CT pay state and federal tax and have a right to be represented and affirmed.

Members of the committee, please help HB5505 get to the House Chamber!

Sincerely,

Jesse Roberts
