

**HJ 161--RESOLUTION PROPOSING AN AMENDMENT TO THE STATE  
CONSTITUTION TO ALLOW FOR EARLY VOTING AND NO-EXCUSE ABSENTEE  
VOTING.**

There are democratic countries where the citizens are required to register to vote (NZ). There are countries where people risk their lives to vote. There are countries where voting day is a national holiday. We in the United States should be encouraging everyone to vote and to make it as easy as possible for them to vote. This bill addresses those issues. I heartily support it.
