Hello,

My name is Cailee Jacquette, I am writing this in opposition to the Legislation purposed in regards to assisting criminals to find housing.

If you allow these Bills to advance, you would be endangering my 10 month old son, Oliver.

My fiance and I purchased a two family home last January as an investment for our future. We moved in upstairs, while renovating the downstairs apartment.

My fiance works crazy hours, allowing me to be a stay at home mom, but this also leaves me alone with my son most nights.

If unable to do background checks until an offer has been made, we could be allowing a child molester/rapist to LIVE under the same roof my as beautiful little boy.

Why is that okay?

If landlords are only allowed to take the last 7 years of criminal activity, who's to say that 8 years ago that person was arrested for getting drunk and beating their children.

Wouldn't you want to know who's really living downstairs from you?

Past criminals do deserve a second chance, but not at the cost of the safety of my child.

Respectfully,
Cailee Jacquette
