Testimony in support of Ethan's Law HB7218 and HB7223

From:
Tracy Lynch
Guilford, CT 06437

Dear Lawmakers,
This message comes from a concerned mom, a pediatric nurse and resident of Guilford, CT. I strongly support HB 7218 and HB 7223 so that all gun owners will properly secure their firearms. It is the parent and adult's responsibility to keep weapons out of the hands of children. I am tired of seeing on the news daily how children have accessed guns in the home and harmed or killed themselves or someone else in the process.

Please pass these bills to hold gun-owning adults responsible for proper storage of their weapons. Common sense gun laws save lives! Please help prevent another senseless death like Ethan Song’s.

Sincerely,
Tracy Lynch
