I strongly encourage and support the passage of Ethan's Law HB 7218. I have been fighting for common sense gun laws for years. Our country is an embarrassment of gun deaths. We CAN and MUST do better.

This law is named in memory of Ethan Song, the young victim of gun violence from Guilford, CT - my hometown. Ethan tragically died due to the gun owner's STUPID and irresponsible storage of a deadly weapon.

The gun owner should have known better. Education wasn't the issue. The fear of jail time will cause more gun owners to properly store their weapons and thus save lives. This is common sense legislation.

Please vote YES on this bill. Do it for Ethan. Do it for future potential victims of gun violence due to improper storage of guns. YOUR YES VOTE WILL SAVE LIVES.

Thank you,
Sarah Shrewsbury
