

Dear Lawmakers,

I am a Pediatrician and father of three boys. I also happen to be close friends with the Song family of Guilford. I strongly support HB 7218 and HB 7223 so that all gun owners will think twice before leaving a weapon unsecured and potentially into the wrong hands. The tragic toll of deaths from gun has impacted too many and needs to be curtailed. We need to make sure gun owners are responsible and when they are not-accountable for the consequences.

I also support HB 7219 and SB 60.

Please support the passage of these bills.

Bruce Freeman,

Guilford, CT
