HB #7219: OPPOSE

NARRATIVE: I respectfully ask the members of the Joint Committee on Judiciary OPPOSE this legislation as it is a blatant over-reach of the government authority

The right to protect oneself and his/her family shall not be infringed. Connecticut has already attacked the 2<sup>nd</sup> Amendment by limiting one's ability to protect against multiple intruders. Limiting firearm capacity already limits my options to protect my family. This proposal to stymie the ability to manufacture a firearm at home, for personal use, not for sale or distribution, is another blatant attack on the rights of individuals as guaranteed by the 2<sup>nd</sup> Amendment. This over-reach of government authority cannot be tolerated or allowed expand.

Stop infringing upon responsible law abiding persons that exercise their Constitutional right to bear arms.
