Honorary Gentlemen and Gentlewomen,

I support HB7218, HB7223, HB7219 and HB60.

Imagine for a moment that I am a psychotic criminal and I stole a weapon. I buy a holster for the gun and boldly strap it on my person and strut around as if I was John Wayne directly off a movie set making me feel like I could kill at will and there is no law enforcement officer that can request that I show legal papers to carry the weapon.

I'm appalled that this right even exists and that we need to pass legislation. Anyone resisting this bill is nothing more than a modern day Hun who comforts and deludes himself by carrying a weapon as if it was an extension to his abbreviated genitalia.

As for securing weapons, we already have many examples of children picking up these weapons while their parents are away and maiming and killing through accidents.

These are no brainer bills. Please pass them.
