

Submitted Testimony for H.B. No. 7219 – March 11, 2019

H.B. No. 7219
AN ACT CONCERNING GHOST GUNS

Dear Judicial Committee Member,

I am **WRITING IN OPPOSITION** to the Proposed H.B. No. 7219

This is apparently another bill in the campaign of the anti-gun groups' effort to harass legal firearm owners.

If this bill was not so absurdly pathetic it would be laughable. The only thing here that may not be altered to be a weapon is a snowflake, and I actually believe this legislature could find a way in this bill to weaponize a "snowflake".

THIS LAW IS NOT ENFORCABLE, IT IS ONLY PUNITIVE!

Does the state plan on have "Ghost Gun Discovery Force", which will go house to house to check on every resident to see if they meet the criteria of this bill?

It is time for legislators to realized passing laws, out of sympathy for the victims and their families, to appease anti-gun zealots, and the media's disingenuous fear mongering rhetoric. Legislators must ignore the knee jerk reaction, to pass a law, any law.

In lieu of continually picking away at the rights of our citizens, as guaranteed by the second amendment, here is a challenge:

WRITE AN ENFORCEABLE LAW, WHICH WILL NOT IN ANY WAY, INFRINGE ON OUR SECOND AMENDMENT RIGHTS AND WOULD HAVE ACTUALLY PREVENTED ALL THE PREVIOUS SHOOTINGS, AS WELL AS STOPPING ALL FUTURE SHOOTINGS.

Respectfully submitted,
Stuart Keating
