Subject: SUPPORT!!! HB-7218, HB-7223, HB-7219, SB-60

Dear Members of the Judiciary Committee,

We have raised 5 children in Connecticut. As Connecticut residents for decades and concerned Americans we are writing in support of the Gun Safety Legislation before your committee. The Sandy Hook tragedy showed us that we must do better in gun safety. Since then Connecticut has lead the country in gun safety legislation and that has reduced gun killings in Connecticut by 40%. We MUST CONTINUE in protecting our children and citizens!!

We SUPPORT the following bills:

- 1) HB-7218 Safe storage. Ethan's law
- 2) HB-7219 No Ghost Guns
- 3) HB-7223 Vehicular firearm storage
- 4) SB-940 Presentation of carry permit

We REJECT the following bills which would make our state MORE UNSAFE:

- 1)Reject SB-940 NO GUNS IN PARKS!
- 2)Reject HB-5870 No Assault Weapons and Large Capacity magazines transfer!

We have grieved with the victims of gun violence in CT. With parents who have lost children. Children who have lost parents. Families who have lost their loved ones to murder using firearms. This must stop!!! Our citizens deserve protection from people killing Americans with guns. We must move forward to making our state and nation safer from gun violence.

Most Sincerely,

Bernard and Cynthia McDonald
Fairfield, CT
