I'm writing to you as a woman, mother and daughter. I'm a born and raised citizen of the United States. Our country respects and treats all human beings. There is nothing respectful or humane about Female Genitalia Mutilation (fgm). Please please protect young girls from the trauma, harm and emotional devastation brought on by this barbaric act. It does not belong in America or anywhere. I hope you will agree and outlaw FGM.

Respectfully Yours,
