

Dear Children's Committee member, I write to oppose HB7005.

Our Lord Jesus says, " Those who are well have no need of a **physician**, but those who are sick," meaning healthy children do not have need of a physicians administrations. His words are clear, but how many clergy apply them to vaccinations? Religious freedom means the ability to hear and follow sound guidance. I believe that this bill hinders us from doing that freely.

Thank you for your consideration in this matter.

Nord S. Isacson D.C.
