

Dear Members of the Children's Committee,

I'm writing to you to oppose HB-7005, AN ACT PROHIBITING THE ACKNOWLEDGMENT OF PARENTAL STATEMENTS CONCERNING RELIGIOUS OBJECTIONS TO VACCINATION BY SCHOOL NURSES AND PERMITTING MEMBERS OF THE CLERGY TO ACKNOWLEDGE SUCH STATEMENTS.

This bill is an infringement of our First Amendment right as American Citizens. No where shall our religion be in jeopardy as it is the utmost importance of the founding of this country. No one's religion in the United States of America should ever be discriminated or under attack. There is nothing wrong with the current religious exemption for Connecticut citizens. Please kill this bill.

The Connecticut state government should never be in control of anyone's body. It should be a parental/ family issue based off of one's religion. I hope you understand the ethics of this bill and realize how wrong it is for any American citizens to be put in this situation.

Thank you for your time and understanding.

Sincerely,
Cynthia K.
