

To Members of the Children's Committee,

As a concerned citizen of the United States of America I oppose bill HB-7005 because it is in direct conflict with the Constitution and in direct conflict with my religious beliefs.

This bill infringes on our rights as Americans as Church and State should always be separated. The government should never be involved in making choices for everyone as a whole, especially in decisions parents make with/on behalf of their children.

Please take into consideration how this bill would effect your constituents and take away their rights as American citizens, no matter their religion. I strongly oppose this bill and hope you will reconsider your position.

Sincerely,  
Jennifer Lagace
