

Dear Children's Committee members,

I believe that all people should have the FREEDOM from undue interference by governments and others in carrying out their private affairs and personal beliefs. This includes our rights to FREEDOM of speech, association and religion as well as the FREEDOM to control our own bodies and personal lives.

I am OPPOSED to HB 7005 which affects my FREEDOM of choice.

I ask that you OPPOSE HB 7005.

Respectfully,
J. Smith
