Public Hearing Testimony
February 27, 2019
Planning and Development Committee
Eric C. Berthel, State Senator, 32nd District

Dear Chairman Cassano, Chairman McCarthy Vahey, Ranking Member Champagne, Ranking Member Zawistowski, and distinguished members of the Planning and Development Committee:

I am State Senator Eric Berthel, and I write in support of SB 766, **An Act Concerning The Expiration of Certain Land use Permits.**

The purpose of this legislation is to allow land use permits that deal with the same parcel of land, that are issued to an individual under section 8-3, 8-26c, 8-26g, or 22a-42a of the general statutes, will not expire until the expiration date of the last permit issued.

I support this legislation as it provides less government red tape that our residents would be subject to regarding land use permits.

It is a common sense measure, and I urge passage.

Regards,

Eric C. Berthel
State Senator – 24th District
