

Hello,

My name is Michael Anderson, and I am a Connecticut adoptee, born Feb. 3, 1969, through Catholic Charities of Bridgeport.

My reason for supporting S.B. 972 is simple:

1. My birth father's name has never been known, and is not on any of the official records associated with my case.
2. Catholic Charities has done an extensive world wide search on my behalf for my biological mother, and can not find her.

Why is it that someone in my position, can not see their original birth certificate?

My biological mother can not be found, and my biological father has never been named.

I encourage you to do the right thing, and let people know who they really are.

Best Regards,

Michael Anderson
