

Dear Members of the Judiciary Committee,

I support the bill S.B. 972. Adoptees shouldn't have to go through life not knowing their roots, family health, siblings.

We, as adoptees, are not children. Many of us are in our 50's, 60's & beyond. Why are we the only group that aren't allowed to know who their ancestors are?

Please support and pass this bill to give adoptees the right to know their beginnings. This shouldn't be shelved or defeated again.

Thank you for your time & consideration.

Sincerely,
Jill Farkas
