

Support for S.B. 972

Hello my name is Donna and i am 54 years old.i live in Connecticut. I support s.b.972 .I had a closed adoption and was never told or asked about my identity not being disclosed to protect me .My daughter found me 3 years ago. One of her first questions was what nationality am i? She was able to call me from the doctor and ask a question about her medical history. Every adoptee and their future generations have a right to their information. Please move forward s.b.972
