

Support for S.B. 972

Brenda McVerry
SB 972

I am writing to ask for your support of SB 972 An Act Concerning Access to Birth Certificates and Parental Health Information for Adoptive Persons. I have a childhood friend who is an adoptee. I strongly believe that ALL adult adoptees should have access to their original birth certificates, and the bill should be both retroactive and prospective.
Thank-you very much for your consideration.

Sincerely,
Brenda McVerry, Hartford CT 06105
