

To Members of the Planning & Development Committee:

I am writing to ask for your support of Raised S.B 972 , An Act Concerning Access to Birth Certificates by Adult Adoptive Persons. I have a (friend/family member) who is (an adoptee, adoptive parent, birth parent, etc.). I strongly believe that ALL adult adoptees should have access to their original birth certificates, and the bill should be both retroactive and prospective.

As an adoptee, I feel it is within my God given rights to know how my birth parents are. Who my heritage is.

Thank-you very much for your consideration.

Sincerely,
John D. Schmitt III
