

Dear Committee Members,

I am a "birth" mother, relinquishing my son and only child for adoption in 1967. When I was in the home for unwed mothers and afterward, I was never promised anonymity. Instead, I had to promise not to "interfere with" the people who were adopting my baby.

Adoptees should be entitled to see their original birth certificates and to know who and where they come from.

Please feel free to email me or to call me at 910-769-4780 if you would like to discuss this with me. I live in Wilmington, NC.

Thank you,
Jamie Scott
