

Dear Sir or Madame,

I am writing to you to express my opposition to the following bills:

HB-7199

SB-857

SB-94

The HPV vaccine was a fast tracked vaccination and has limited data on the long term effects for it's patients.

Aside from the lack of data, I do not believe that is it the governments responsibly or right to allow the HPV vaccine to be administered to minors without parental consent. Additionally, I oppose this vaccination being a mandatory vaccine for anyone.

My children - my decision and my right to make choices on their healthcare.

I do believe that vaccines save lives however, these bills demonstrate a huge government overstep on parental rights and should not be passed. My children ARE NOT THE PROPERTY OF THE STATE OF CONNECTICUT AND WILL NOT BE TREATED AS SUCH!

Thank you for you time and consideration of my opposition the aforementioned bills.
