

My name is Elizabeth Root, I am the parent to two elementary school age boys. I am writing to express opposition to the passage of HB 7199, SB 858 and SB 94.

I would prefer the nearly \$10 million be put into sex education. It is my opinion that children need to be educated about the risks of sexual activity including, the diseases you can get and the effects it can have on your overall health and well being. I also think it's important to teach children about informed consent and while I support vaccines, I do not support mandates.
