

To whom this may concern,

I am submitting my testimony AGAINST:

HPV vaccination, mandatory/forced vaccination of ANY kind and  
am against vaccination with out parental consent.

I am emphatically against HB7199, SB858 and SB94 as a CT citizen  
and parent of three.

This goes against my religious beliefs and that deserves an  
exemption.

I would rather pick up and move to a state that does not force this on my child.

Sincerely,

Vanessa Van Horn
