AN ACT CONCERNING THE DEPARTMENT OF PUBLIC HEALTH’S RECOMMENDATIONS REGARDING PUBLIC DRINKING WATER.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

Section 1. Section 22a-483f of the general statutes is repealed and the following is substituted in lieu thereof (Effective October 1, 2019):

(a) For the purposes described in subsection (b) of this section, the State Bond Commission shall have the power from time to time to authorize the issuance of bonds of the state in one or more series and in principal amounts not exceeding in the aggregate twenty million dollars.

(b) The proceeds of the sale of said bonds, to the extent of the amount stated in subsection (a) of this section, shall be used by the Department of Public Health for the purpose of providing grants-in-aid, which may be provided in the form of principal forgiveness, to eligible public water systems for eligible drinking water projects for which a project funding agreement is made on or after July 1, 2014, between the Commissioner of Public Health and the eligible public water system pursuant to sections 22a-475 to 22a-483, inclusive, under
the public water system improvement program established in subsection (c) of this section.

(c) (1) For purposes of the public water system improvement program established pursuant to this section:

(A) "Eligible drinking water project" has the same meaning as provided in section 22a-475;

(B) "Eligible project costs" has the same meaning as provided in section 22a-475;

(C) "Eligible public water system" has the same meaning as provided in section 22a-475; [except "eligible public water system" does not include eligible public water systems that are public service companies, as defined in section 16-1.] and

(D) "Public service company" has the same meaning as provided in section 16-1.

(2) All provisions applicable to drinking water projects under sections 22a-475 to 22a-483, inclusive, shall be applicable to the public water system improvement program, including eligibility of public water systems, eligible project costs, application procedures for financial assistance, and procedures for approving and awarding such financial assistance. The department shall comply with all allocation goals for smaller eligible public water systems and with the priorities for awarding financial assistance, as provided in sections 22a-475 to 22a-483, inclusive.

(3) An eligible public water system applying for financial assistance pursuant to this section shall submit to the department, along with the application submitted under sections 22a-475 to 22a-483, inclusive, a fiscal and asset management plan. The department shall provide financial assistance as follows:

(A) [Eligible] An eligible public water [systems] system that [serve]
serves ten thousand or fewer persons may receive financial assistance pursuant to this section for up to fifty per cent of eligible project costs;

(B) [Eligible] An eligible public water system that serves more than ten thousand persons may receive financial assistance pursuant to this section for up to thirty per cent of eligible project costs; [and]

(C) [Eligible] An eligible public water system that is a for-profit company, other than a for-profit company that is a public service company, may not receive additional financial assistance pursuant to this section; and

(D) An eligible public water system that is a public service company may not receive financial assistance pursuant to this section unless (i) such financial assistance is for eligible project costs of an eligible drinking water project, (ii) such financial assistance is used by the public service company for such eligible drinking water project, and (iii) the department has consulted with the Public Utilities Regulatory Authority regarding the public service company's receipt of such financial assistance.

(d) All provisions of section 3-20, or the exercise of any right or power granted thereby, which are not inconsistent with the provisions of this section are hereby adopted and shall apply to all bonds authorized by the State Bond Commission pursuant to this section, and temporary notes in anticipation of the money to be derived from the sale of any such bonds so authorized may be issued in accordance with section 3-20 and from time to time renewed. Such bonds shall mature at such time or times not exceeding twenty years from their respective dates as may be provided in or pursuant to the resolution or resolutions of the State Bond Commission authorizing such bonds. None of said bonds shall be authorized except upon a finding by the State Bond Commission that there has been filed with it a request for such authorization which is signed by or on behalf of the Secretary of the Office of Policy and Management and states such terms and
conditions as said commission, in its discretion, may require. Said
bonds issued pursuant to this section shall be general obligations of the
state and the full faith and credit of the state of Connecticut are
pledged for the payment of the principal of and interest on said bonds
as the same become due, and accordingly and as part of the contract of
the state with the holders of said bonds, appropriation of all amounts
necessary for punctual payment of such principal and interest is
hereby made, and the State Treasurer shall pay such principal and
interest as the same become due.

Sec. 2. Subdivision (1) of subsection (n) of section 25-32 of the
general statutes is repealed and the following is substituted in lieu
thereof (Effective October 1, 2019):

(n) (1) On and after the effective date of regulations adopted under
this subsection, no person may operate any water treatment plant,
water distribution system or small water system that treats or supplies
water used or intended for use by the public, test any backflow
prevention device, or perform a cross connection survey without a
certificate issued by the commissioner under this subsection. The
commissioner shall adopt regulations, in accordance with chapter 54,
to provide: (A) Standards for the operation of such water treatment
plants, water distribution systems and small water systems; (B)
standards and procedures for the issuance of certificates to operators
of such water treatment plants, water distribution systems and small
water systems, including, but not limited to, standards and procedures
for the department's approval of third parties to administer
certification examinations to such operators; (C) procedures for the
renewal of such certificates every three years; (D) standards for
training required for the issuance or renewal of a certificate; (E)
standards and procedures for the department's approval of course
providers and courses of study as they relate to certified operators of
water treatment plants, water distribution systems and small water
systems and certified persons who test backflow prevention devices or
perform cross connection surveys for initial and renewal applications;
and [(E)] (F) standards and procedures for the issuance and renewal of
certificates to persons who test backflow prevention devices or
perform cross connection surveys. Such regulations shall be consistent
with applicable federal law and guidelines for operator certification
programs promulgated by the United States Environmental Protection
Agency. For purposes of this subsection, "small water system" means a
public water system, as defined in section 25-33d, that serves less than
one thousand persons and has no treatment or has only treatment that
does not require any chemical treatment, process adjustment,
backwashing or media regeneration by an operator.

This act shall take effect as follows and shall amend the following sections:

| Section 1 | October 1, 2019 | 22a-483f |
| Sec. 2    | October 1, 2019 | 25-32(n)(1) |
