

Greetings.

I have been leaving in New Haven for 23 years and I typically fly four to five times a year. Whenever I can, I try to fly from Tweed Airport because its so convenient., A ten minute taxi ride from downtown and I am there. However, with only a few flights a day to Philadelphia my choices are very limited so by default I have to use Bradley or New York which makes the trip longer and more expensive.

New Haven is a thriving city and its transformation in the last 23 years has been phenomenal but not having a good option of airline travel is a huge obstacle and it will always limit its potential.

I urge you to please eliminate the restriction on the length of runway 2-20. It is important for the growth of the region.

Sincerely,  
George Zdru
