Subject: Oppose the 25% Property Tax on Nonprofits with Savings Accounts (S.B. 1137)

Dear [recipient's salutation and name],

I strongly oppose Section 1 of S.B. 1137, which would require nonprofits with savings accounts or endowments to pay a 25% tax on property currently exempt from taxes. Many non-profit organizations with small endowments use the funds to make much-needed repairs to our properties or to address budget shortfalls created by a lack of state government investment over time.

This proposal would take funds from services for people with developmental disabilities and homeless shelters, from people struggling with substance abuse, victims of domestic violence, and arts and cultural programs, among other essential services that serve community needs.

Any tax a nonprofit is required to pay means fewer people will be served. Nonprofits provide services so government does not have to. Paying a tax to government takes away our ability to serve more people. This policy does not make sense, especially at a time when nonprofits are experiencing an increasing demand for services due to the opioid crisis, wait lists for residential services for people with disabilities, and more.

This proposal would also sabotage our relationship with individual and corporate donors who want their contributions to help people, not pay taxes. Nonprofits are already struggling to find and retain new donors.

Simply put, this proposal would divert critical resources away from the people nonprofits serve. It will hurt the most vulnerable people among us. I urge you to take no action on S.B. 1137.

Sincerely,

Fernando Muniz
