To create technical changes to provisions concerning government administration.

RESPONSE FROM ADMINISTRATION/AGENCY:

NATURE AND SOURCES OF SUPPORT:
Chris Fryxell, President, Associated Builders and Contractors of Connecticut (CTABC):
CT ABC is supportive of the mission of the State Properties Review Board (SPRB) and their important role in the oversight of real estate projects in Connecticut; however, we would like to see slight modifications to the processes within which the SPRB reviews contracts for design-build projects. We suggest that the general statutes be amended to state that any amendment to a contract previously reviewed by the SPRB and that is within the general scope and character of the original project under such contract shall not be subject to State Properties Review Board approval, but instead shall be administered by and subject to the approval of the agency administering the contract.
