The provisions of this subsection shall not apply to a person under [eighteen] twenty-one years of age who is delivering or accepting delivery of cigarettes or a tobacco product (1) in such person's capacity as an employee, or (2) as part of a scientific study being conducted by an organization for the purpose of medical research to further efforts in cigarette and tobacco product use prevention and cessation, provided such medical research has been approved by the organization's institutional review board, as defined in section 21a-408.

[For purposes of this subsection, "public place" means any area that is used or held out for use by the public whether owned or operated by public or private interests.]

(d) (1) A seller or seller's agent or employee may perform a transaction scan to check the validity of a driver's license or identity card presented by a cardholder as a condition for selling, giving away
or otherwise distributing cigarettes or a tobacco product to the cardholder.

(2) If the information deciphered by the transaction scan performed under subdivision (1) of this subsection fails to match the information printed on the driver's license or identity card presented by the cardholder, or if the transaction scan indicates that the information so printed is false or fraudulent, neither the seller nor any seller's agent or employee shall sell, give away or otherwise distribute any cigarettes or a tobacco product to the cardholder.

(3) Subdivision (1) of this subsection does not preclude a seller or seller's agent or employee from using a transaction scan device to check the validity of a document other than a driver's license or an identity card, if the document includes a bar code or magnetic strip that may be scanned by the device, as a condition for selling, giving away or otherwise distributing cigarettes or a tobacco product to the person presenting the document.

(e) (1) No seller or seller's agent or employee shall electronically or mechanically record or maintain any information derived from a transaction scan, except the following: (A) The name and date of birth of the person listed on the driver's license or identity card presented by a cardholder; (B) the expiration date and identification number of the driver's license or identity card presented by a cardholder.

(4) Nothing in subsection (d) of this section or this subsection relieves a seller or seller's agent or employee of any responsibility to comply with any other applicable state or federal laws or rules governing the sale, giving away or other distribution of cigarettes or tobacco products.

(5) Any person who violates this subsection shall be subject to a civil penalty of not more than one thousand dollars.

(f) (1) In any prosecution of a seller or seller's agent or employee for a violation of subsection (b) of this section, it shall be an affirmative defense that all of the following occurred: (A) A cardholder attempting to purchase or receive cigarettes or a tobacco product presented a driver's license or an identity card; (B) a transaction scan of the driver's license or identity card that the cardholder presented indicated that the license or card was valid and indicated that the cardholder was at least twenty-one years of age; and (C) the cigarettes or a tobacco product was sold, given away or otherwise distributed to the cardholder in reasonable reliance upon the identification presented and the completed transaction scan.

(2) In determining whether a seller or seller's agent or employee has proven the affirmative defense provided by subdivision (1) of this section, the trier of fact in such prosecution shall consider that reasonable reliance upon the identification presented and the completed transaction scan may require a seller or seller's agent or employee to exercise reasonable diligence and that the use of a transaction scan device does not excuse a seller or seller's agent or employee from exercising such reasonable diligence to determine the following: (A) Whether a person to whom the seller or seller's agent or employee sells, gives away or otherwise distributes cigarettes or a tobacco product is [eighteen] twenty-one years of age or older; and (B) whether the description and picture appearing on the driver's license or identity card presented by a cardholder is that of the cardholder.

(c) Any person under [eighteen] twenty-one years of age who [purchases or] misrepresents such person's age to purchase an electronic nicotine delivery system or vapor product in any form [or possesses an electronic nicotine delivery system or vapor product in any form in any public place] shall be fined not more than fifty dollars for the first offense and not less than fifty dollars or more than one hundred dollars for each subsequent offense. [For purposes of this subsection "public place" means any area that is used or held out for use by the public whether owned or operated by public or private interests.]

(d) (1) A seller or seller's agent or employee may perform a transaction scan to check the validity of a driver's license or identity card presented by a cardholder as a condition for selling, giving or otherwise delivering an electronic nicotine delivery system or vapor product to the cardholder.

(2) If the information deciphered by the transaction scan performed under subdivision (1) of this subsection fails to match the information
printed on the driver's license or identity card presented by the

(4) Nothing in subsection (d) of this section or this subsection
relieves a seller or seller's agent or employee of any responsibility to
comply with any other applicable state or federal laws or rules
governing selling, giving or otherwise delivering electronic nicotine
