LRRC - Rejected Without Prejudice

A motion was made by Representative Carpino and seconded by Senator Osten to reject the regulation without prejudice. The motion passed by voice vote.
A motion was made by Representative Carpino and seconded by Senator Osten to approve the regulation in whole with technical corrections. The motion passed by voice vote.

A motion was made by Representative Rutigliano and seconded by Senator Osten to approve the regulation in whole with substitute pages and with the technical corrections noted in the LCO Report, but with the following change: Strike Technical Correction number 15 and insert the following in lieu thereof: “15. In section 20-576a-5(g), in the first line, ", pursuant to an agreement with an authorized collector" should be inserted after “may” for consistency with the authorizing statute, and in the third line, "Notwithstanding the foregoing," should be ", provided", for clarity.”

Representative Rutigliano assured the committee that this is a technical change, has been done before, and isn’t setting a precedent. He wanted to thank LCO Hanratty, Leslie O’Brien (DCP), and Chairwoman Johnson for their hard work as this is important for public policy.

Representative Arnone urged adoption and stated that this is a very needed policy altogether at a local level where there are drop boxes at police departments, which are already overwhelmed. He furthered that they have a lot of work to do besides collecting drugs and stated that the public has asked numerous times about when they would be able to do this. He explained that this will help keep drugs out of the wrong hands even within a household.

Senator Miner asked if there were any further comments or opposition. Have heard none, the motion passed by voice vote.

Representative Johnson thanked everyone for their work and said that the co-chairs were considering getting together in the fall to talk about the LRRC process and make sure that we are doing everything in a streamlined fashion. She furthered by saying it would be great if everyone from the committee could attend, once the details have been finalized.

A motion was duly made and seconded to adjourn the meeting. The meeting was adjourned at 11:11 AM.
