AN ACT PROHIBITING FEMALE GENITAL MUTILATION.

STRIKE ALL and replace with a study: Department of Public Health in consultation with the UConn School of Public Health shall conduct a study of Female Genital Mutilation due no later than 2/3/2020. The Department of Public Health shall identify any public health interventions that might result in elimination of the procedure. The study should also identify knowledge, training, communications, cultural competence, clinical identification of FGM, and the effects on women.
