I oppose HB 5040:
An Act Establishing An Excise Tax On Ammunition

This is an anti Second Amendment ploy to further victimize tens of thousands of lawful CT firearms sportspeople!!
I think this bill will drastically penalize those of marginal means and hamper their ability to practice shooting to maintain and improve their skills. There has been a huge increase in pistol permits for minority women these past few years. Why penalize those learners? Additionally, gun shops rely on ammo sales! Why drive them out of business? Those of means will just buy ammo in NH where they get their booze!! And, we all know any tax revenue will go directly to the general fund. You are asking responsible firearms enthusiasts to fund criminal consequences! Why not fine criminals?!!
