To whome this concerns,

Oppose HB 5040. This tax on ammunition is nothing more than Democrats using our rights to gather money they have misspent in order to fight our growing debt. Tell Democrats to fight the real enemy, and the real opponents that cause violence in our state: Gangs, cartels, lone wolf criminals, rapists, extortionists, human traffickers, and all the other scum the Democrats are too busy protecting, since these scum are also the ones voting blue.
