To whom it may concern:

I'm writing to ask you to please, strongly oppose HB 5040 "AAC Establishing an Excise Tax on Ammunition". This Bill is doing nothing more than penalizing the honest, law abiding citizens who take and honor their second amendment rights very seriously.

Do we really believe the revenue from this imposed tax to support anti-gun organizations will prevent gun violence?? Let's take a step back and really address the issues at hand such as mental illness and those criminals and gangs who plague our streets.

We may have issues in the world but this is far from a fix.

Thank you
