hello, so you now would like to add additional tax on ammo, what is next "The Breathing CT Air Tax"? So if anyone in CT, or any visitor stays in a hotel, its $5 to breathe air, then it will double to $10. WHEN WILL TAXING STOP? When everyone has migrated OUT of this state? That is happening, oh, unless your an illegal immigrant. We are BILLIONS in the hole for decades and you bring in more people who instantly go on social assistance. OMG! WE ARE DOOMED! This state will go bankrupt. Taxing IS THE REASON, STOP DOING THIS, PLEASE!
