To our Legislators:

I must demand you stop all attempts to pass HB 5040 and stop trying to tax your way into gun control.

Law abiding citizens who exercise their right to 2nd Amendment privileges should never be punished by an outrageous tax of 35% ammunition tax and then attempt to use that same money to fight their rights to own guns.

This attempt at trying to diminish our rights to keep and own guns is a direct attack on the Constitution and our 2nd Amendment.

STOP THIS NOW!
