I am writing this in Opposition to the proposed outrageous ammunition tax that is being considered. I am a Law abiding citizen, a hard working contributor to my local community, and a veteran of Operation Iraqi Freedom (with 22 years service). I am also an avid responsible shooter and find this tax to be a slap in the face to us all. This is nothing more then an attempt to find another way to “punish” law abiding citizens because those pushing for this are Anti-gun. Shame on you for attempting to make it more and more difficult for the 99% of folks in this state who are responsible law abiding citizens.
