

Hello,

Please accept my testimony in support of No. 5109: an act exempting breastfeeding supplies from sales and use taxes.

I am a Putnam resident, voter and breastfeeding working mom. I'm currently breastfeeding my second child. It is a demanding and difficult task, especially while working, but the health benefits for my children are undeniable. Please help reduce the barriers to mothers looking to provide the best nutrition for their child by exempting breastfeeding supplies from sales and use taxes.

Thank you for your time and consideration,

Emily Morrison
43 South Prospect Street, Putnam, CT 06260
