Subject: HB 5019, HB 5124, SB 109

As a landlord with several rental units and as President of the Greater Enfield Landlords Association, an organization consisting of a few dozen private landlords providing affordable, clean and safe housing for well over several hundred rental people in the greater Enfield area, I strongly oppose the above proposed legislation and any similar legislation.

It is clear; the proposed legislation will negatively affect our ability to provide affordable, safe and clean housing.

I urge you to OPPOSE this legislation.

Paul J Januszewski; President
Greater Enfield Landlord Association
