

Dear Human Services Committee,

As a hard-working, tax paying citizen of the state of Connecticut, I ask you to please do not give tax dollars to Planned Parenthood. They are a big business that brings in millions of dollars and spends millions of dollars on lobbying, conventions, advertising, etc. They do not need our tax dollars which need to be used in other ways to help people.

PLEASE do NOT use my tax dollars to kill the lives of innocent babies who would choose life if given the choice. I do not want my tax dollars funding this destruction of innocent lives.

For life,  
Cathy Agemy  
Madison, Connecticut
