

To The Human Services Committee,

I strongly oppose SB 274- AN ACT CONCERNING FUNDING PLANNED PARENTHOOD AND OTHER FAMILY PLANING CLINICS for two reasons,

1. Our State Government should NOT fund any organization involved in aborting unborn children or the sale of baby body parts. This is a disgrace to our state, and our nation!! PERIOD!

2. When is our State Government going to stop it's careless spending? OUR STATE HAS A 4.9 BILLION DOLLAR DEFICIT!! The taxpayers in this state are sick and tired of the reckless spending in the General Assembly. We should not have our tax dollars funding a SLEAZY organization like Planned Parenthood!

I hope this committee has the good sense and good judgment to reject this bill, and tell Planned Parenthood to fund their evil program with their own dirty money.

As always, thank you for your time and consideration on these issues.
