

To the members of the Human Services Committee

With regard to yet more funding for Planned Parenthood via SB274, as if Connecticut has the financial wherewithal to be so charitable as to give another 2.2 million dollars in addition to the 4.2 million dollars taxpayers already pay under duress to this monstrous organization. You already know of their 10 million dollars in profits, 12 million in investments and sky high donations so any vote to give them this petty cash in their pockets is a desperate attempt to appease the pro-abortion industry and thwart the bullying by your constituency. This is not fiscally responsible and is a complete waste of money we do not have. We're already under threat of higher taxes because of overspending . Do the right thing and vote no on this waste of taxpayer money.

Sincerely,
Claudia Catani
