

Statement in **SUPPORT** of S.B. 274, *An Act Concerning Funding to Planned Parenthood and Other Family Planning Clinics.*

Health COMMITTEE

March 5, 2020

This statement represents my own personal views.

I support this bill to ensure Connecticut residents can continue to access necessary reproductive health care services. Health care is a human right, and all people need and deserve equal access to sexual and reproductive health care. Without the Title X program many patients will lose access to free or low-cost basic care like birth control STI/STD testing and cancer screenings.

Please vote “yes” on S.B. 274 to help protect protect the health of Connecticut residents.

Thank you,
