

Please OPPOSE SB 274.

The State of Connecticut should not be taking taxpayer funds from the large constituency of CT taxpayers to fund abortion which we feel is repugnant and immoral as well as potentially criminal, ie., Planned Parenthood's selling of baby body parts.

Abortion is Planned Parenthood's real business. State Taxpayer already are implicated in paying 75% of abortions in Connecticut.

**THIS HAS TO STOP!**

It is an outrage that state legislators want to give an extra \$2.1 million of our hard earned money to kill unborn children!!!

According to CT Right to Life, "PPSNE does not need the money. In 2017-18, the most recent figures available, PPSNE had an endowment of \$12.8 million and made \$408,305 from its investments. It had a net operating surplus of \$10 million!

Thank you for your serious consideration of the many Connecticut citizens that do NOT want to be forced to participate (by an immoral means and use of our tax payer dollars) in murderous acts of Planned Parentlessness.
