

To Whom it may Concern, Please do not allow our tax dollars to be used for murdering the most innocent through the horrendous, bloated abortion industry that is Planned Parenthood. Instead, please consider funding pregnancy centers that offer women and their babies life affirming help. I beg you, if you support Planned Parenthood and abortion, please watch one. It is life changing to watch the most innocent struggle to live and the horror of the baby being torn apart piece by piece in what has become one of the most dangerous places in America...the womb. Thank you for your consideration in this matter.

Respectfully, Jill Parent
