My name is Nicole Grube .

As this has not directly hit my family (yet) I have seen and witnessed so much that could be stopped and helped! Please if you could help end this epidemic and help those in need we would be forever grateful! There could be a lot of things done to prevent this from happening to more families and loved ones.. as we pray for them all we ask for you to stand up for your people..

Thank you

I am urging you to consider these bills to ensure insurance companies are required to provide help to those seeking services and to utilize MAT as a standard form of treatment, the data suggests this is one of the most successful ways to help those recovering from addiction.
