My name is Tracey Kurjiaka.

I have witnessed the devastating effects that opioids have on the entire family and friends. It spars no one of the pain and total destruction of innocent lives. It is time we do everything we can to stop the epidemic.

I am urging you to consider these bills to ensure insurance companies are required to provide help to those seeking services and to utilize MAT as a standard form of treatment, the data suggests this is one of the most successful ways to help those recovering from addiction.
