My name is Nadine Tannous.

This epidemic didnt hit my family but impacted my friend and his family and i saw the pain it can cause when it hit a family. I have 3 kids and i want to support any initiative to protect them from this danger.

I am urging you to consider these bills to ensure insurance companies are required to provide help to those seeking services and to utilize MAT as a standard form of treatment, the data suggests this is one of the most successful ways to help those recovering from addiction.
